

## PVC CEILINGS AND ACCESSORIES

The Panelit® range of floor-to-ceiling panels is designed to create the look and feel of luxury in your home.

PVC panels provide an efficient and stylish finish for walls and ceilings throughout the house. Their water resistant qualities make Panelit® panels a durable cladding for walls and ceilings, particularly in damp areas such as the bathroom, toilet, kitchen, garage, etc. The panels will neither delaminate nor absorb water. Naturally, Panelit® can also be used elsewhere in the house.

The patterns make walls and ceilings come alive in beautiful wood effect finishes in a wide choice of colours.

### Colours Available

Golden Brown

Rubberwood

White

Mahogany

*\*\*All colours and designs indicated are for illustration purposes only. May vary from the actual product.*

Panelit® ceiling panels are hollow-core made from precision extruded PVC plastic.

These are very easy to install and maintain.

Panelit® panels can be fastened directly to an existing ceiling or wall using nails, screws or glue. If it is necessary to cover an irregular surface, install battening first and fasten the ceiling panels to the battening

### Accessories

H-Trim (I-section)

Internal Angle

End trim (J-Section)

External Angle

Cornice
