

RJ45 KEYSTONE JACK CAT6A SHIELDED

These RJ45 connectors provide an easy to use alternative to the Twinax direct attach cables, while providing the same level of performance and versatility. Featuring a virtually tool-free design that frees you from impact tools so the connector is ready when you are.

Providing full spec. Cat6A 500 MHz bandwidth rated 10GBASE-T for up to 100 meters. Cat6A plugs and keystones feature Cat6A channel verified performance and are Poe PLUS COMPLIANT for IEEE 802.3 at Power over Ethernet (Poe+).

Cat6A Field Tool-free termination RJ45 socket connectors are widely compatible with RJ45 Cat6A and Cat7 wires from 23 to 26 AWG/6.0~7.5mm

Both T568A or T568B sequences can be wired with IDC modules. These connectors are also backwards compatible with Cat 5e (Cat5e), or Cat 6 (Cat6) Ethernet networks.

LINKUP Cat6A keystones and jacks are built with full metal jackets and robust die-cast shielding to provide excellent protection against EMI, NEXT and AXT interference along with other electromagnetic noise. Copper foil tape, cable ties and a snap-in keystone jack design with a retaining clip ensure a secure connection and shielding.

SPECIFICATIONS

Product Type	Cat6A Keystone Jack	Color	White
Connector	RJ45 Female	Termination Type	Tool less
Shielding Type	Shielded	Data Rate Support	1000Base-T
Wire Gauge Supported	22-26AWG Cable	Wiring Scheme	T568A & T568B
Housing Material	Full Metal Jackets	Dimensions (H x W)	16×14.5mm
Operating Temperature	-10°C to 60°C (-14°F to 140°F)	Contact Plating Thickness	3 Micro inches
