

Geberit Silent-db20 branch fitting 88.5°, swept-entry

Example image

Application purposes

- For building drainage
- For buildings with increased sound insulation requirements

Characteristics

- Swept entry
- Abrasion resistant

- Highly sound-insulating
- UV-resistant

Technical data

Product material	PE-S2
Thermal expansion	0.17 mm/(m·K)
Thermal conductivity, pipe	0.43 W/(m·K)
